## Social and Emotional Learning within DPS

In Denver Public Schools, social and emotional learning (SEL) “is the process through which children and adults acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.” (CASEL 2011)

Further, social-emotional learning is of critical importance in achieving our value of equity and closing the opportunity gap by ensuring all our students have the knowledge, attitude, and skills necessary to succeed now and in the future.

DENVER

# Purpose of Funding Opportunity

- To help district-managed schools with a demonstrated track record of success using evidence-based social-emotional learning practices to implement bold, innovative solutions to enhance social emotional learning as part of their focus on the whole child.
- To deepen and expand a school's work in order to see even greater impact for their students and communities.

DENVER  
PUBLIC  
SCHOOLS

## Roles and Responsibilities

### School Whole Child Team:

- Identify a collaborative, cross-functional team to support action planning and impact evaluation.
- May be an extension of existing school leadership bodies or a new body, per the school leader's discretion.
- Should include school staff who will champion and connect existing Whole Child supports to the bold, innovative plan that will be funded through the grant award. This may include the dean of culture, school counselor, school psychologist, school social worker, school nurse, restorative practices coordinator, school wellness champion, family liaison or other identified social emotional learning champions.
- Proposal must be aligned with the school's strategic support plan and/or UIP.

### Office of Social Emotional Learning (OSEL) Partners:

- Support project planning via consult on evidence-based practice, data interpretation and centrally-managed supports available to inform the development and implementation of the comprehensive two year rollout, evaluation, and investment plan.

### Instructional Superintendent:

- Provide consultation and connection between Whole Child supports proposal strategies and impact on academic performance indicators.

PUBLIC  
SCHOOLS

Whole Child

## Written Proposal Purpose

- (1) describe the need or opportunity that the school intends to address
- (2) articulate the bold vision and strategies that the school plans to implement in response
- (3) how these strategies should affect holistic student outcomes, and
- (4) to present a compelling rationale for why these strategies should achieve these outcomes, and why the school is equipped to execute with excellence.

DENVER  
PUBLIC  
SCHOOLS

Whole Child

# Written Proposal Expectations

- Two to four pages.
- While schools may choose their format, we suggest that applications address the following sections:
  - **Whole Child Vision** - *Articulation of the future state that the school hopes to achieve*
  - **School Context** - *Description of the needs and opportunities that the school hopes to address and their background with WC social emotional learning work*
  - **Student Outcomes** - *Articulation of the student outcomes desired, in alignment with DPS Whole Child support descriptors*
  - **Strategic Priorities** - *Description of the school's strategies aligned with overall improvement priorities, and what they plan to do in years one and two*
  - **Capacity / Development** - *High level description of past / future strategies to build staff, community, and student capacity*
  - **Funding Request and Resource Plan** - *High level description of financial resources needed*
- This application should provide just enough detail to meet the standards described within the RFP
- Detailed planning (implementation, evaluation, staff development, and budgeting) will occur after awardees are named.

## Proposal Development Resources

- [Whole Child Support Descriptors](#): Organized on a performance continuum, this describes what we would expect to see in terms of Whole Child supports available to students and student experience related to each Whole Child component.
- [Whole Child, Healthy Child Agenda 2020](#): Proposals should support achievement of Agenda objectives and performance metrics.
- [Whole Child Mill Levy Menu of Options](#): This menu provides detailed information on strategies to enhance mental health services, evidence-based social emotional learning curriculum and instruction and school climates to foster positive social-emotional outcomes for students.
- [Whole Child Resource Bank Partner Directory](#): A dynamic list of district staff who can assist as connectors, thought partners and providers in any of the Whole Child focus areas.
- [Whole Child School Reports](#): Student data available at the school level and collected annually through the annual Student Satisfaction Survey. This data should be used to inform proposal goals and improvement strategies.
- [Healthy Kids Colorado Survey Report](#): Student data available at the school level for participating schools and district level for non-participating schools. Data is collected every other year and available for students grades 6-12.
- [Whole Child Principal Stoplight Data](#): Provides a snapshot of student demographic data, behavioral incidences, and Whole Child supports services provided to students, including social emotional interventions, physical and mental health staffing and supports provided and homeless student supports. Data is updated each month.
